Dear Mr. Donnelly:

Thank you for your letter of July 14, 1987, regarding the replacement of the first floor roof at the Central Intelligence Agency (CIA) Headquarters Building.

The survey referenced in your letter has confirmed the basic scope of work outlined by the CIA. The first floor roof has been found to be in need of complete replacement. It is agreed that this replacement should be implemented in a timely manner in order to prevent the possible impairment of the CIA operations in the areas below this roof.

Due to these findings, and in lieu of the rent payment deduction proposed by the CIA, the General Services Administration (GSA) has reprogrammed the replacement of the first floor roof for accomplishment early in fiscal year 1988. Procurement of this project will be initiated upon receipt of the original contract drawings and specifications currently in the possession of the CIA. Please have these documents forwarded to Mr. Paul Chistolini, Assistant Regional Administrator for Real Estate and Development, General Services Administration, National Capital Region, 7th and D Streets, SW., Washington, DC 20407. //

Questions concerning the roof replacement may be addressed to Mr. Chistolini, on 472-1891.

Sincerely,

Terence C. Golden
